TERMS OF SALE

1) A 10% buyers charge will be added to the hammer price of each lot purchased.
2) All bids are per lot as numbered in this catalog.
3) We reserve the right to withdraw any lot prior to sale.
4) All successful bidders shall be billed for postage, handling and insurance.
5) R.M. SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
6) A SMYTHE auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
10) All bids must be in whole dollar amounts; this includes percentage increases.
11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
14) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
17) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
18) In the event of dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. SMYTHE reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
21) All material in this catalog is guaranteed to be genuine unless otherwise described.
22) No lots may be returned by floor bidders except for non-authenticity.
23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consumated. If the item is not authentic, the sale price will be refunded.
25) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
26) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
27) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
28) All accounts are payble to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by SMYTHE for auction sales, catalogs or other monies due to SMYTHE.

Estimates & Reserves

With the exception of United States coins, we have endeavored to include estimates on each lot. These estimates are our conservative opinion as to what we feel a lot may bring. Prices realized may be higher or lower depending on wholesale and retail market conditions at the time.

While the bulk of the items offered in this sale are unreserved, items indicated by a "★" in front of the estimate are reserved at the lower price indicated. For example, an item with an estimate ★**($250-Up)** is reserved by the consignor at $250.00. If there are no mail bids for the reserve price or greater, the lot will be opened to floor bidders at the reserve price. If there is no bidding response, the lot will be "passed".

Where non-published reserves exist, the auctioneer may make bids in response to others. Consignors are not permitted to bid on their own lots from the floor. R. M. Smythe & Co. reserve the right to include our own material in this auction as well as to bid on any item in this sale. R. M. Smythe & Co. has advanced money (where requested) to consignors and in addition has agreed to advance money to purchasers who have established credit in advance.

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

Choice Unc. (Choice Uncirculated - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may, at first glance, look uncirculated but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well circulated item, complete, unimpaired except for petty edge splits, pin holes, some surface splitting along heavy folds and soiling.

Good (Good) - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

Abt (before a grade) - A shade below the grade it preceeds.

Plus or + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

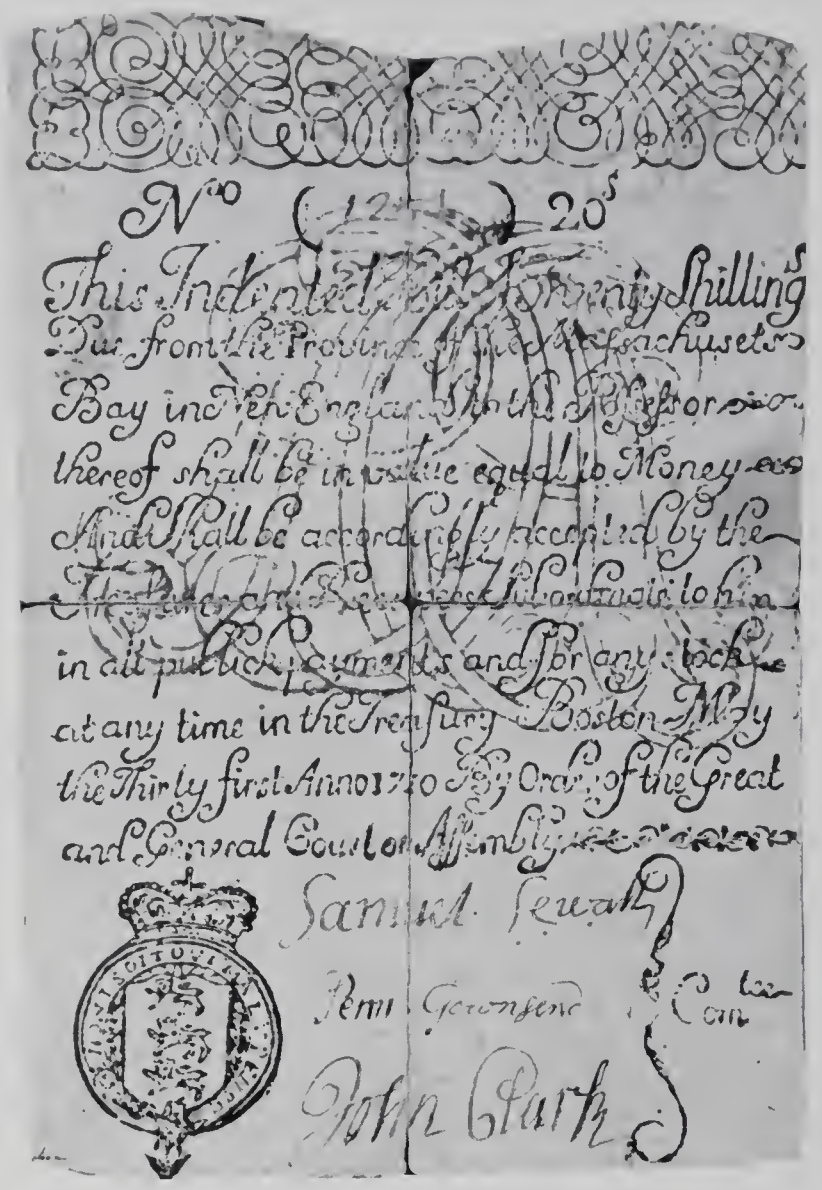
MASSACHUSETTS



2072 May 10, 1710 Act. **20 shillings.** No.1281. **Counterfeit.** Split nearly into quarters, definitely split in half horizontally, otherwise **VF,** with a large stain at the right. **Very Rare** and the first handled by us. *(Photo)* **($1000-Up)**

The signatures of Samuel Sewall (1652-1730), diarist, public official and judge (Salem Witchcraft Trials, 1692); Penn Townsend and John Park are all forged. This denomination had to be recalled because it was heavily counterfeited, and there are notations on the back that people were still being taken in as late as 1714.

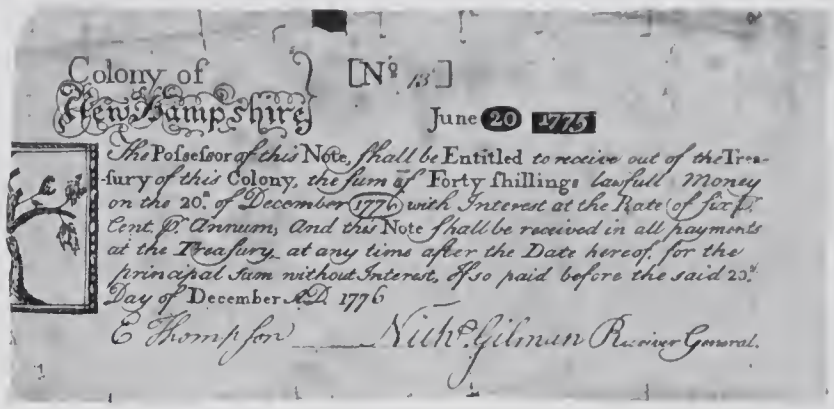
2080 **6 shillings.** No.2725. Signed by Gilman. **F-VF,** quarter folded both ways with other folds. A pleasing and clean note. *(Photo)* **($1000-Up)**
While Revere's notes were supposedly made on "American Paper", the pro Patria watermark with a man holding a crescent shaped spear, lion with scimitar, both within a palisade, was produced by J. Whatman III at his Turkey Mill in Maidstone, Kent!



Colony of New Hampshire [No. 13] June 20 1775
The Possessor of this Note, shall be Entitled to receive out of the Treasury of this Colony, the sum of Forty shillings lawfull Money on the 20th of December 1776 with Interest at the Rate of six p.C. p. Annum, And this Note shall be received in all payments at the Treasury at any time after the Date hereof, for the principal Sum without Interest, if so paid before the said 20th Day of December A.D. 1776
E. Thompson Nath. Gilman Receiver General.

2081 **40 shillings.** No.13. **VF,** rather soiled, chinked and split at the top, well away from the design, however. There are also a couple of bottom splits. *(Photo)* **($800-Up)**

November 3, 1775 Act

2083 **40 shillings.** Due 1780. No.2177. Apparently genuine. **EF,** with a light corner fold and a heavier center fold, separating at the top. *(Photo)* **($600-Up)**

2084 **40 shillings.** Due 1780. No.394. **EF,** the left indent is trimmed close, there is a split down from the top, checked by a hinge on the back, and there are petty chinks in the upper right edge. *(Photo)* **($500-Up)**

2085 **40 shillings.** Due 1780. No.1102. **Abt EF,** a center and a corner fold; trimmed right down to the left inner border, with a dark stain in the upper left corner. *(Photo)* **($450-Up)**

2086 **40 shillings.** Due 1782. No.2667. Apparently a **Counterfeit.** A solid or better than **EF** note, with splitting at the top along the heavy center fold. The left indent is heavily trimmed and there is a thumb smudge in the lower left corner. *(Photo)* **($450-Up)**
Because of the fact that the counterfeiter of these notes was the same printer as the person who did the genuine ones (he went over to the British), telling the difference between the two sets of notes is quite difficult. Many collectors do not discriminate in any substantive way between the genuine and counterfeit notes and we have estimated this note based on its past auction performance.

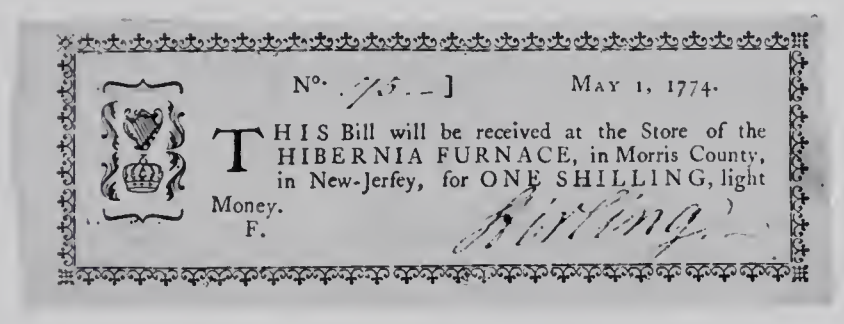
Lord Stirling Hibernia Furnace Issue



2141 HIBERNIA FURNACE. (in Morris County). **1 shilling.** F. No.75. May 1, 1774. **Unc,** a counting smudge at the right. *(Photo)* **($400-Up)**

We have handled Colonial notes for many years, but we have never before offer this issue. Its background is as follows.

William Alexander (1726-1783) was the son of a Jacobite lawyer who migrated to America after the failure of the 1715 rebellion. William was well educated, being a mathematician, astronomer and an engineer of some distinction. When his kinsman, the fifth Earl of Stirling died in 1759, William laid claim to the title, which carried with it property rights in Nova Scotia, Canada and Long Island.

The House of Lords however, unfairly rejected his claim in 1762. Incensed, Alexander returned to New Jersey, where he defiantly assumed the title, which the Americans accepted. That is why he signed these notes -"Stirling", the form used by a peer. He made a fortune in commercial pursuits, of which the Hibernia Furnace, was but one. He also served on the New Jersey Council and was an early opponent of the Stamp Act in 1765. Ardently anti-British, he was a supporter of American Independence. He fell out with Ben Franklin's illegitimate son, William, who was the last royal Governor of New Jersey. Deposed from the council by the younger Franklin, Lord Stirling, as Alexander styled himself, proceeded to levy forces on behalf of the patriots, recruiting and commanding the first regiment of the New Jersey Line.

His war services were distinguished and won George Washington's admiration. In January 1776, he boldly sailed out into Sandy Hook harbor and captured a British ship, winning the thanks of the Continental Congress and a brigadier general's commission. He fortified New York City against attack with skill and saved Washington's army at the Battle of Long Island, where badly outnumbered and attacked from behind, he held his position with such bravery as to win even British admiration. Taken prisoner, he was soon exchanged, and continued his activities on behalf of American independence.

He played a significant role in the Battles of Trenton, Brandywine and Germantown, enduring the hardships at Valley Forge, when others departed on leave for the comfort of their own homes. He exposed the Conway Cabal (a conspiracy to have Washington dismissed as Commander in Chief in favor of General Horatio Gates) and helped crush it. In 1778, as commander of Washington's left wing at the Battle of Monmouth, he so handled his forces, especially the artillery, as to repel the British counterattack and give the Americans a hard fought strategic victory. He had the added satisfaction of presiding over the court martial of the discredited general, Charles Lee, who had disparaged Stirling's title and military competence.

Stirling served until the end of the war, became a Major General and won Washington's tribute on his death in 1783.

1) **$5.** No.1657. Signed by Philamon Dickinson, Revolutionary soldier and David Brearley, jurist, member of the U.S. Constitutional convention, a signer of the Constitution and a member of the state ratification convention. **VG,** heavily folded, soiled and soft. 2) **$5.** No.1020. **Counterfeit** with forged signatures. **Fine.** This comparison pair shows the counterfeit's glaring weaknesses quite nicely.

2145 **$8.** No.2141. Signed by Dickinson and Brearley. **Unc,** narrowly margined at the top. **($175-Up)**

2146 **$20.** No.2420, usual signatures. **Unc,** narrow, but adequate margins. **($200-Up)**

2147 **$1.** No.2269. Usual signers. **Unc,** wide margins, left and top, narrow at the right and bottom. **($175-Up)**

2148 **$5.** No.2163. **Unc,** crisp, bright and vivid, adequate margins. **($175-Up)**

2149 **$3.** No.1620. **Unc,** except for a folded and stained top left corner tip. **($150-Up)**

Act of January 9, 1781

2150 **6 Pence.** No.7499. Signed by Weil and Smith. **AU,** just the hint of a center fold, nicely centered with narrow, if adequate margins. *(Photo)* **($200-Up)**

A number of notes of this issue came out a several years ago, but they all had two things in common. While they were in generally high grade, they were all so cut off their sheets that one or more of the borders was severely trimmed. This offering was clearly culled from the hoard and selected for its centering.

2151 **3 shillings 6 pence.** No.5788, Smith and Weil. **Unc,** decent, if uneven and narrow margins, lightly aged. *(Photo)* **($250-Up)**

2152 **1 shilling.** No.7499. Weil, Smith. **EF,** a horizontal fold, clean uneven, but adequate margins. *(Photo)* **($150-Up)**

December 20, 1783 Act

This note is ex lot 239 of our NASCA May 1977 Maryland Historical Society Collection sale. This issue is vastly scarcer than the 1781 issue or even the elusive 1786 emission, which is well represented here. If a life time of collecting yields only one low grade specimen, this issue has to be **Excessively Rare.**

Act of 1786

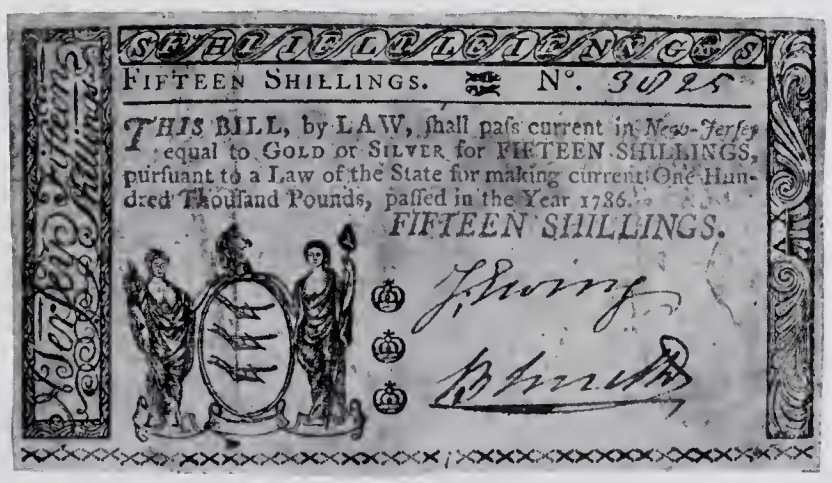
2154 **3 shillings.** B. No.24183. Signed by Ewing and Van Cleve. **VG-Fine,** split along the quarter folds, repaired on the back. *(Photo)* **($300-Up)**

The run of 1786 notes which follow is extraordinary as we have handled only two of this issue in 17 years. They are much rarer than the early New York notes, yet they do not command anything like the same interest. This is a key opportunity to fill gaps in one's collection.

2155 **3 shillings.** A. No.15718. Ewing and Smith. **VG/G-VG,** the back is rather worn and the note's body is quite soft. *(Photo)* **($250-Up)**

2156 **6 shillings.** No.15,170, Ewing, Smith. **VG,** soiled, soft, centerfold with surface splitting. *(Photo)* **($400-Up)**

2157 **12 shillings.** No.31786. Ewing, Smith. **Abt Fine,** trimmed right down to the borders, three bottom edge splits and some related watermark-fold splitting. *(Photo)* **($600-Up)**



2158 **15 shillings.** No.3825, Ewing and Smith. **Abt VF,** quarter folds and other folds, with related soiling and some staining. *(Photo)* **($750-Up)**

We accept MAIL, PHONE or FAX bids for any lots in this Sale.

2161 **New Market.** CALHOUN AND BRUSH. **3d.** November 7, 1787. **Newman Plate Note. Abt VF,** there are roughly four folds and a red wax seal remnant on the back. *(Photo)* **($500-Up)**

LOTTERY TICKETS

It is with great pleasure that R. M. Smythe & Co. offer this first group of the James DuPont collection of United States and Foreign lottery tickets from 1692 to the 1960's, with particular emphasis on American items from the colonial era to the 1830's.

This material will be offered as follows: seventy odd lots of American Colonial material will be offered at public auction and there will be a much longer contingent in the mail bid section including all of the ephemera pertaining to the tickets as well as the foreign pieces. The unsold residue will be sold in conjunction with the Memphis International Paper Money Show in June and the residue in November 1993 at our Annual Bowling Green Sale. Two key pieces, a Massachusetts ***John Hancock*** *signed Faneuil Hall 1765 ticket and a 1760's turnpike lottery ticket signed by* ***George Washington*** *will appear in the April 22, 1993 SMYTHE Autograph Auction.*

The material has been broken up in order to maintain an orderly market and to allow our clients to be able to digest the large amount of material that is being offered. Enjoy this unique opportunity; its like will not appear again in our lifetimes.

CONTINENTAL CONGRESS

2401 November 18, 1776. **Class 2.** A. Signed by John Ord, the note signer. $30 paid. **Unc,** a string hole at the center. **($175-Up)**

The Continental Congress authorized a lottery as a non fiscal means of raising funds which the states would not object to. Unfortunately, the payout ratio was so low that the public refused to subscribe and the whole scheme was dropped for lack of interest. The reason for the string holes, which occurs on a number of other lottery issues, is that the vendors ran a needle with a string on it through a stack of tickets and then pulled off the tickets one by one, when sold.

2402 Same, serial letter N. **Unc,** trimmed borders. **($175-Up)**

2403 UNITED STATES LOTTERY. **Class 3.** November 18, 1776. J. Signed John Mease, another signer of Continental notes. **VF,** aging a long tear hole into the right border. **($150-Up)**

Faneuil-Hall LOTTERY, No. *Five.*

THE Poſſeſſor of this Ticket (No. 4183) is intitled to any Prize drawn againſt ſaid Number, in a LOTTERY granted by an Act of the General Court of the Province of the *Maſſachuſetts-Bay*, for Rebuilding FANEUIL-HALL; ſubject to no Deduction.

D

2418 FANEUIL-HALL LOTTERY. June 1765. D. No.4183. **Signed by John Hancock,** a bit weak at the right. Elaborately watermarked. **F-VF,** a long repaired split in from the right, an edge split at the top and a rounded top left corner. *(Photo)* **($1750-Up)**

Faneuil Hall was built in 1742 by Peter Faneuil, a Huguenot merchant, who gave it to Boston as a market and meeting place. It burned in 1761, but was rebuilt in time to be the "Cradle of Liberty" and the scene of many key Revolutionary meetings. **Hancock,** (1726-1793), who had inherited a fortune in excess of £70,000 from his Uncle, Thomas, in 1764, occupied himself with this and other civic projects that greatly increased his popularity, despite his mediocre abilities. His clash with the corrupt British customs officers, who seized his ship, the **Liberty**, helped focus anti-English sentiment. Hancock was president of the Continental Congress, was thus when he signed the **Declaration of Independence**, and went on to serve nine terms as the governor of Massachusetts. His lavish expenditures on behalf of the patriot cause greatly diminished his fortune, but aided in the establishment of American independence.

OBSOLETE CURRENCY

PRE-1800 DATED NOTES

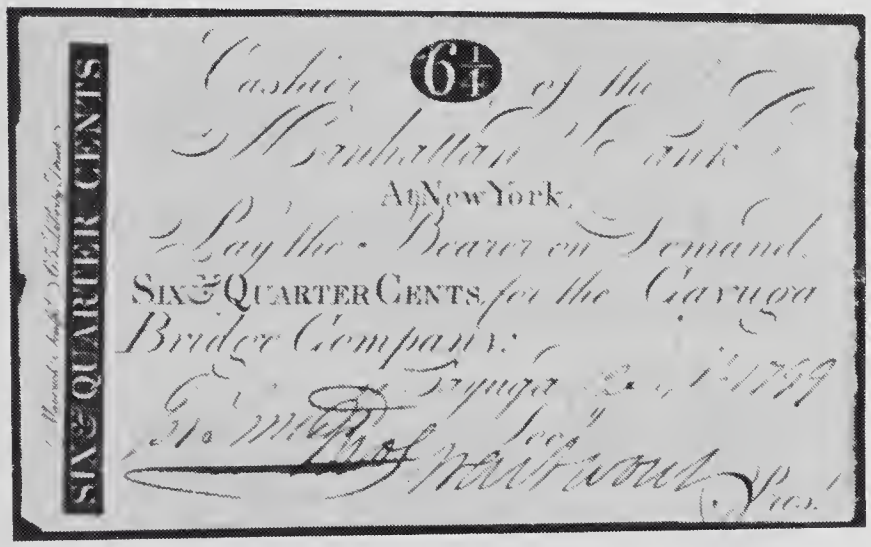
The following selection of pre-1800 notes, though short, is quite desirable. Many of these notes can also be found listed in Newman, hence they should be of interest to both Obsolete note collectors and collectors of Colonial currency and fiscal paper.

3001 CT: UNION BANK OF NEW LONDON. **Five Pence.** 9/26/94. (G-56). Nominally **Very Good,** soft, with rounded corners and a short vertical separation on the lower half. *(Photo)* **($200-Up)**

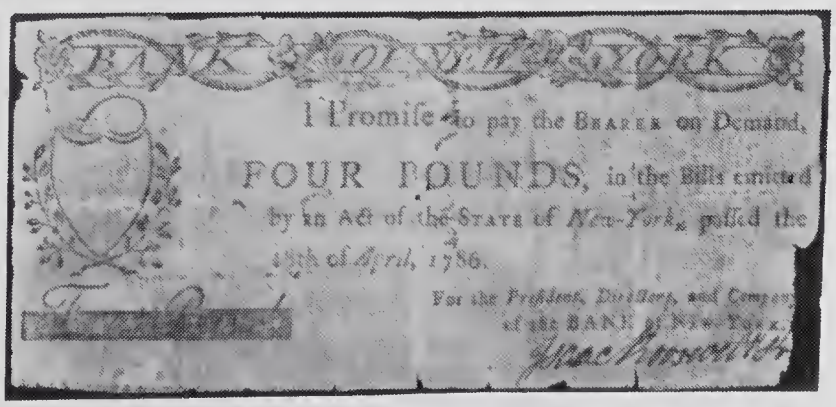
3002 CT: NORWICH BANK. **4¢/Three Pence.** 5/10/99. (G-40d). **Very Good,** or better, heavy cross folds with small center hole and three small taped areas on the back. The signatures are bold. *(Photo)* **($200-Up)**

3003 Same Issuer. **8¢/Six Pence.** 5/10/99. (G-64a, SENC). **Good,** but split vertically and retaped. *(Photo)* **($150-Up)**
This is a very rare odd denomination in the obsolete banknote series.

3004 **MA: Boston.** MASSACHUSETTS BANK. **$10.** (C-224). 1/10/1799. **Fine,** plus with a short slit through the right signature and the left counterfoil is trimmed in slightly. Much rarer than listed in Haxby and **Choice.** *(Photo)* **($200-Up)**



3005 NY: CAYUGA BRIDGE COMPANY per THE CASHIER OF THE MANHATTAN BANK. **6 1/4¢.** 12/9/1799. Maverick Sculp. 65 Liberty Street. **Very Fine,** bright, a trivial edge burn at the left. *(Photo)* **($250-Up)**



3006 BANK OF NEW YORK. **Four Pounds.** 18/4/1786. Unlisted. **Very Good,** or so, some edge chipping at the right, two taped splits, a small center hole. *(Photo)* **($600-Up)**
The paper is watermarked, therefore it is very likely to be genuine. The denomination would be equivalent to 80 Shillings or $10 in New York Money. This is an extremely important note for both the obsolete currency specialist and the colonial era collector.

ALABAMA

3007 CITY OF MONTGOMERY. **25¢.** 1838. (R-232-1, R7). Would be **Fine,** but vertical and horizontal splits are held together with hinges. Still bright and pleasant from the face. *(Photo)* **($150-Up)**

SATIRICAL NOTES

3113 HUMBUG GLORY BANK. **6¢.** 1837. Imprint trimmed off. **Good,** torn in half and rejoined, edge chips off and some tape staining. Still **Rare** and Historical. *(Photo)* **($250-Up)**

This note was issued during the depression of 1837-46, and attacks the Jacksonian Democrats, whose policies of "hard money" and destruction of the Second Bank of the United States were blamed for this crisis.

The coins at the left with Jackson's head attack his alleged monarchist pretensions and the metallic currency promised, but not provided. "Martin V Sc" attacks President Van Buren. The donkey, the Democratic Party symbol, is satirized as "Roman Firmness" (asinine stubbornness); "Honest Amos" refers to Amos Kendall, one of Jackson's "Kitchen Cabinet". The inscriptions, top and bottom, refer again to the suspension of specie payments, the host of worthless scrip in circulation and broken political promises regarding the currency; as does the phrase "Mint Drops" (gold coins). The use of the word "Glory" refers to a ruined economy gone to glory. The other insignia refer to Jackson.

3114 **Philadelphia.** PRINTERS' BANK. **One Dime.** ND. **Very Fine.** *(Photo)* **($150-Up)**

This note from the 1830's Depression era, is signed by M. Walker as foreman. The center obligation reads "Being Part of a deposit of THIRTY THOUSAND payable to him, with interest of one percent per annum, at the Chapel of the STREET GAZETTE, in the current quoin (sic) of the Bank". In the center "Received of Dr. Faustus".The vignettes are in the center Ben Franklin arriving in Philadelphia with a loaf of bread in his hand. The left vignette between the medallions are portraits of Guttenburg, Fust and Shoeffer in profile.

Are You Thinking of Selling Currency, or Stocks and Bonds?

MEMPHIS 1993 IS THE PERFECT TIME & PLACE!

On June 17, the major dealers and collectors of paper money and related items will meet in Memphis, Tennessee to attend **the largest paper money show and auction of the year.** We are confident that **this year's Memphis International Paper Money Show will be the best one ever.** The interest in paper collectibles has never been stronger. Auction prices have been firm throughout the year. **Traditionally, whenever R.M. Smythe has been associated with the Memphis auction the sales have been memorable. Our last Memphis Public Auction sold over $1,000,000 worth of U.S. and International currency, stocks, bonds and related items**, and we feel confident that this year will be even better!

Why do major dealers and collectors consign to our sales on a regular basis? The answer is simple. We get record-breaking results. We hold **the record for the most successful Confederate paper sale ever held in the U.S.** - over $500,000. We achieved **the highest price ever recorded for a State note** - $14,850. Our recent Strasburg, Pennsylvania auction set **an American record realizing over $300,000 for stocks and bonds.**

If you are thinking of selling, the next few weeks could be extremely important to you. **April 7th is the consignment deadline for this year's Memphis auction.** Don't miss this important opportunity to show-case your collection in what should prove to be the major paper sale of the year.

Consigning is easy. Just dial 800-622-1880 and we will take it from there. Your collection will appear in our Memphis catalog, fully described and illustrated. 28 days after the sale you will receive a check for the proceeds.

If you need cash now, advances are readily available.

Remember, the consignment deadline is April 7th. Don't delay, call and reserve space now. Ask for Stephen Goldsmith, Diana Herzog, Bruce Hagen or Dr. Douglas B. Ball.

Consignments on hand already include **the extraordinary Roger Durand Odd Denomination Collection, a collection of high grade War of 1812 notes, a Standard Oil of Ohio stock certificate issued to William Rockefeller and signed by John D. Rockefeller, Colonial and Continental Currency, Lottery Tickets, Federal Notes, outstanding Obsolete Currency and much, much more.** We still have room for a few choice consignments, but April 7th is rapidly approaching. Avoid disappointment - call us now!

5231 Pay order from the Assembly Speaker, Benjamin Van Cleve to James Mott, state treasurer, asking him to pay Maskell Ewing, clerk of the House **£10.15.8.** for copying the laws of the first sitting of the ninth session. December 1784. **($75-Up)**

Van Cleve also signed notes of the 1786 emission. Ewing signed the 1783 and 1786 issues, the earlier one with Mott.

5232 Another pay order in Ewing's favor for **£30.16.0.** for attending the House sessions for 42 days. Undated. Folded, stained. Also endorsed by Ewing. **($75-Up)**

5233 Official Hand Bill. November 7, 1786. Under the hand of Maskell Ewing, Treasurer, announces the 1786 issue and asks that those having business to settle, call on him at him home in Trenton. Lightly folded. *(Photo)* **($300-Up)**

Note that this official bulletin was printed by Isaac Collins, the same printer who had done the notes and who avails himself of this opportunity to put in a plug for his business. The survival of such notices is very unusual, since they truly had a very ephemeral existance and utility.

5234 Lawyer's letter in 1814 on legal business, signed by Joseph Hopkinson, son of **Francis Hopkinson,** the signer of the Declaration of Independence. Joseph (1770-1842) defended Justice Chase in his impeachment trial in 1804 and wrote "Hail Columbia". Folded. **($125-Up)**

5235 Receipt. Signed by **Isaac Collins,** New Jersey note printer for **£3** for a six months supply of newspapers, 12 to a packet. Aging, somewhat faded. **($75-Up)**

5236 **Bill** from Isaac Collins to James Mott, treasurer of New Jersey, on July 6, 1786, claiming reimbursement for **£14.10.0.,** that being James Trenchard's bill "for engravings for the Loan Office Money" and for his cost of going to Philadelphia to pick up the same. *(Photo)* **($200-Up)**

This proves that while Collins undoubtedly printed the 1786 issue, he was in fact, not the engraver. Endorsed on the back by Collins in token of payment.

5237 Accounting of a suit between Elisha Boudinot vs David Knott, in a collection case to liquidate the estate of Richard Stockton. Foxed and folded. **($150-Up)**

Elisha Boudinot was the second mint director, long time Continental Congressman, U.S. congressman, Princeton trustee, American Bible Society President and son-in-law of **Richard Stockton** (1730-1781) a **signer** of the Declaration of Independence and the only person to repudiate his signature (Stockton was a British prisoner facing execution).

5238 Certification of the services of **David Brearley** (1745-1790) as an elector in the election of 1788. Endorsed by Brearley on the back. **($150-Up)**

Brearley, besides signing New Jersey money was the NJ chief justice, a member of the U.S. Constitutional convention at Philadelphia and of the New Jersey convention which ratified it.

5239 A series of tax receipts for **Thomas Gibbons,** in the early 1800's, at Elizabethtown. Folded. [4] **($200-Up)**

Thomas Gibbons (1757-1826), was a loyalist during the Revolution. He subsequently became mayor of Savannah for several terms, fought the first disputed seat case in the House of Representatives and then moved to New Jersey and became involved in the steamboat business with Aaron Ogden, in 1817-1818. The two men however, fell out, Gibbons struck out on his own and Ogden sued him for violation of his New York monopoly patent. In **Gibbons vs Ogden,** (1824), Chief Justice John Marshall upheld Gibbons' right to operate his own steamboat company, declaring Ogden's state granted monopoly unconstitutional as a violation of the Federal Government's exclusive power over interstate commerce.

5240 May 6, 1780 Receipt to John Mulford, Collector of Cumberland County, for **£562.10.0** on account of fines imposed on "disaffected persons" by the court of oyer and terminer. Folded. **($150-Up)**

This form is in the hand of **John Stevens Jr.,** 1749-1838, state treasurer 1776-1784; steamboat builder, 1803, builder of the first American locomotive, father of the famous engineers Robert Livingston Stevens and Edwin Augustus Stevens. The "disaffected persons" were clearly Loyalists and the fines levied against them must have been a considerable source of revenue, when it is remembered that New Jersey's budget prior to the war ran around £3,000 per year.

5241 DELAWARE BRIDGE CO. 1804. **20 shs** receipt for second installment of **$200** paid in to build a bridge across the Delaware River at Trenton. Part printed, folded. *(Photo)* **($200-Up)**

5242 SOCIETY FOR ESTABLISHING USEFUL MANUFACTURES". (NJ) 1791. **1 Share.** No.111. Hugh Gaine, NY. **VF.** *(Photo)* **($350-Up)**

PENNSYLVANIA

5244 PENNSYLVANIA. 178- 6% note. **U.** (PA-13). **Fine,** indent split off at the left, rejoined with mending tape; water stained. The paper has three partial watermarks. **($150-Up)**

5245 WILLING & MORRIS. Third Bill of Exchange, 1773, **£59.2.0.** payable in London. *(Photo)* **($250-Up)**

Willing and Morris was the firm of which **Robert Morris, the signer of the Declaration of Independence** was the junior partner. This bill is drawn by and also signed for the firm by **Morris** in his own hand. **VF,** large ink stains at the lower right around the firm signature.

5246 NORTH AMERICAN LAND CO. (PA) 1795. **1 Share.** No.1276. **Signed by Robert Morris as President. AU,** two pin holes. **Rare so choice.** *(Photo)* **($500-Up)**

5247 PENNSYLVANIA PROPRIETARIAL LAND GRANT. 1752. **100 Acres. (£15.10.0).** Orders Col. John Armstrong to have the land surveyed. Signed by James Hamilton. Folded, with paper splits. *(Photo)* **($250-Up)**

Pennsylvania land grants during the Penn family's rule are much rarer than those issued after the war when the Penn property was confiscated and sold off. Note that the holder of 100 acres had to pay 4 shillings and 2 pence quit rent to the Penn family, even after buying the land.

Colonel Armstrong, 1717-1795, was an army officer, who was the "hero of Kittannig" during the French and Indian War. He served as a member of the Continental Congress 1778-80, 1787-8. James Hamilton (1710-1783) was a past Mayor of Philadelphia, founder of what is now known as the Four in Hand Insurance Company (the oldest in the United States) and a member of the Provincial Council, Lt. Governor, Governor (1771, 1773). He remained neutral during the revolution and was arrested for his pains.

Conversion Table

5248 This broadside announces, after the currency reform of 1765 what the values are in coin against colonial notes and the value of the old notes in the new money in order that all outstanding debts can be converted into new money denominations. Split, folded, soiled. *(Photo)* **($250-Up)**

Ephemera, such as this, is seldom met with. A fascinating addendum to any New Hampshire or colonial currency collection.

5350 **A Collection of the Tickets of the Louisiana State Lottery Company from January 2, 1877 until the Honduras phase, July 10, 1894. Mostly new, some handled.** [69] **($700-Up)**
This is a one of everything offering, the most complete in its class present in the collection. The tickets up to February 7, 1893 bear the printed signatures of Confederate Generals P.T.G. Beauregard and Jubal Early, whose connection with this enterprise, to lend it respectability, was liberally purchased. **The success of this operation, largely the vision of M. Dauphin,** stirred up the wrath of Congress and led to the prohibition against sending lottery tickets through the mails that prevented state lotteries from functioning until less than 30 years ago, when they were revived as a non-fiscal revenue source. The lottery, banned here, sought refuge ultimately in Honduras, where it lingered for a number of years before expiring. There are uncut pairs, but mostly singles with nearly all in **new** condition.

5351 **A consolation Group of tickets, 1883-1894, duplicated in the preceeding lot. Mostly new.** [25] **($125-Up)**

5354 STATE OF LOUISIANA. **$1.** Revenue stamp, intended for lottery use. Stamp cancelled, a piece out of the right edge. **($30-Up)**

5486 **JEFFERSON LOTTERY. 1 ticket.** April 1826. Red and green. **VF,** a back hinge, an ink burn hole in the left edge. *(Photo)* **($250-Up)**
The story behind this lottery is as follows; Thomas Jefferson, (1743-1826) Third President, left office in 1809 in dangerous financial condition. He had spent his way through his father's estate and his long absences from Monticello on public business had rendered his plantation unprofitable. Sales of his papers and library only deferred the demands of his many creditors. In 1825-6, his friends induced the Virginia legislature to grant Jefferson a lottery for his benefit, which it was hoped, would raise enough money to pay the rest of his debts. The drawing was scheduled for September 1826. As is well known, Jefferson died on July 4, 1826, fifty years to the day of the adoption of the Declaration of Independence, of which he had been the principal author. The lottery was cancelled and Mrs. Randolph, Jefferson's daughter, was compelled to hand over Monticello to her father's creditors two weeks after his death.

5487 **Mt. Crawford.** NORTH RIVER FREE-BRIDGE LOTTERY. **Fifth class,** 1832. **1/4.** Blue and black. **Fine,** stained, two pieces crudely restored in the top edge. **($125-Up)**
Bruffy & Paul, who signed this ticket, advertised a lottery to raise funds to build a free bridge over the North River near Mt. Crawford. The drawing was to be held January 15, 1833. It called for every ticket to be a winner, but as tickets cost $4 and most of the prizes were $2, this was not profitable. About $30,000 out of the projected $120,000 sale, would have been profit for building the bridge and covering expenses. Because of a limited response to the $8,000 grand prize, several drawings had to be held.

VIRGINIA

5558 **William Byrd Lottery and Other items.** [2] *(Photo)* **($250-up)**
1) WILLIAM BYRD (III) LOTTERY. **1 ticket.** 1767. No.6876. Signed by Byrd. AU, a long repaired tear up from the bottom. 2) Also **ALS 4to** letter to Byrd's British factor. February 22, 1769.
The back round of these items is as follows; William Byrd II, had ridden from Westover, in 1737 to found the City of Richmond, at the falls of the James River, where he had lands. after William Byrd II's death in 1744, his son went through the estate, once estimated at £100,000 at a great rate. Although as a member of the council, he made large sums in real estate, by 1767, he urgently needed to sell his remaining Richmond lots to raise cash, hence this lottery. Besides high living, Byrd also was an inveterate gambler, dropping thousands of pounds on the turn of a card. His one famous win, came when he collected £300 for betting that George Washington could crush a walnut between his thumb and second finger at the Raleigh Inn. Byrd's letter refers to his efforts to help out loading a ship with grain for England and the death of his two week old daughter in 1769. He also refers to his friend Lord George Gordon, who was supposed to deliver some letters for Byrd in London. Gordon, gave his name to the infamous anti-Catholic riots in London in 1780, a week long orgy of murder and destruction in the British capital, that nearly cost Gordon his own life.
A conservative unhappy about the revolution and in dire financial trouble, Byrd committed suicide at the end of 1777. His widow held on to Westover until her death in 1802, when it was taken over by his creditors. The current family wealth is based on lands that were then undeveloped in western Virginia. An interesting association pair.

Fine Run of War Of 1812 Era New York City Notes

Hostilities broke out in June 1812 between Great Britain and the United States. The regimes of Jefferson and Madison had neglected the Army and Navy, not to mention the coastal defenses. As a result, New York found itself in a vulnerable condition. The City, unable to get Federal funding for the building of batteries and forts, authorized note issues to build, arm and man the City's coastal defenses.

Small coins were increasingly hoarded by the banks so that the early fractional currency notes came in handy for trade purposes. The City even lent some to the United States Treasury, so that it could pay its bills in New York. Finally, after the capture of Washington in September 1814, the banks suspended specie payments. It was at that time that the main city issues to help make change came out, most of the earlier issues being taken in for taxes.

So large a group of 1814-15 city notes is unusual, especially in good quality.

On June 17, the major dealers and collectors of paper money and related items will meet in Memphis, Tennessee to attend **the largest paper money show and auction of the year.** We are confident that **this year's Memphis International Paper Money Show will be the best one ever.** The interest in paper collectibles has never been stronger. Auction prices have been firm throughout the year. **Traditionally, whenever R.M. Smythe has been associated with the Memphis auction the sales have been memorable. Our last Memphis Public Auction sold over $1,000,000 worth of U.S. and International currency, stocks, bonds and related items**, and we feel confident that this year will be even better!

Why do major dealers and collectors consign to our sales on a regular basis? The answer is simple. We get record-breaking results. We hold **the record for the most successful Confederate paper sale ever held in the U.S.** - over $500,000. We achieved **the highest price ever recorded for a State note** - $14,850. Our recent Strasburg, Pennsylvania auction set **an American record realizing over $300,000 for stocks and bonds.**

Consigning is easy. Just dial 800-622-1880 and we will take it from there. Your collection will appear in our Memphis catalog, fully described and illustrated. 28 days after the sale you will receive a check for the proceeds.

Remember, the consignment deadline is April 7th. Don't delay, call and reserve space now. Ask for Stephen Goldsmith, Diana Herzog, Bruce Hagen or Dr. Douglas B. Ball.

DRAWING TAKES PLACE AT THE ACADEMY OF MUSIC, NEW ORLEANS.

Boy at wheel No. 1 draws out a Ballot inclosed in a rubber tube, hands it to GEN'L EARLY who unrolls it, calls the Number, say 39275, hands it to assistant, No. 3, on his right, who repeats it in a loud voice.

Boy at wheel No. 2 at the same time draws out a Prize Ballot, hands it to GEN'L BEAUREGARD who unrolls it, calls out, say $150,000 (which is drawn by No. 39275) and hands it to No. 3 on his left to repeat simultaneously with the Number.

Clerks and Press Reporters on the stage record the Number and Prize, while Nos. 3, right and left, hand the Number and Prize Ballots to No. 4 (in chair) who rolls them both together and deposits them in a box before him, so that in case of a clerical error, a reference to them can settle the question beyond doubt.
